

Our hope is that all of our church will join us in this project at whatever amount they can afford. To give you an idea of how we could achieve our goal of securing the purchase, it would take...200 people giving \$25 a week for 6 weeks which would put us at \$30 thousand. However, if 100 people raised \$500, that would give us the \$50 thousand needed.

It's A Wise Decision

If we purchased the property, for the same price or less we could own the property instead of just renting, giving us a permanent base to fulfill our vision for home and foreign missions.

For Future Generations

So far, a generation has called LivingWay Maui their home. Our goal is to raise up other generations, and many more thereafter, into a stable and debt free church community, where they can count on having a place to gather, learn, grow, and worship together for decades to come.

To Impact This Community

Lastly, we really like where we are located. We believe that God has placed us in the head of Maui to act as a center of God's grace, love and restoration. The longer we can stay in our current location, the more impact God can have through us to our surrounding community.

Will you join us?

After prayerful consideration, please use the website or envelopes to pledge your contributions. In order to continue our normal operations and ministry programs, we would expect that any donations or pledges are above and beyond your regular tithe.

Give or Pledge at www.livingwaymaui.com
